FREE RETAKE:

We understand that our classes pack a lot of information into each day. As yet another great resource, if you wish to retake the class within the first 6 months after class ends, all you need to do is talk to your account executive and register for your free retake. Your account executive will get you enrolled into one of our regularly scheduled classes and you just need to remember to bring your courseware with you to class as you will not be issued additional courseware for the retake.
